INDEX.

Aberdeen University, the chair of midwifery in, 618
Abergele inquest, the costs of the, 177
Abortion, description of an ovum from an, 570
Absinthe and alcohol, 334
Abyssinian promotions, the, 15
Aconite and its preparations, on, 42
Acorns for food, 555
Aconoxylon, the, 109
Action, important, against a medical man, 510
Acupressure, 608, 805
Adams, Mr. J., on a case of fractured base of the skull, with rupture of a branch of the spinous artery, and pressure on the brain, 421
Admiralty, the, and the revenues of Greenwich Hospital, 383
Adulteration of food and drugs, 98, 309, 572
Advertising physicians, 495
——, unprofessional, 215, 407, 576, 758, 790, 854, 889
African army medical staff, 440
—— squadron, withdrawal of the, 507
Ague and typhoid fever, on the administration of hyposulphite of soda in, 323, 511
Air, compressed, effects of breathing, 791
Air-passages, foreign bodies in the, 710, 871
Albert medal, the, 263
Aldershot camp, 374; the accident at, 885
Alison, Dr. S. S., morbid conditions of the throat in their relation to pulmonary consumption, 490
Alkaline sulphites, the, 15
Allbutt, Dr. T. C., longevity, 33; on the diagnostic value of the ophthalmoscope in "tubercular" meningitis, 590, 632; on paracentesis pericardii, 907
Allen, Dr. P., on some of the functions of the middle and internal ear, and their analogies, 8, 84, 187, 320, 595
Allison, Dr. A., on diagnosis of hanging, 636
Almsgiving, indiscriminate, 351
Althaus, Dr. J., on "epileptiform" neuralgia, 107
"Always with us," 140
Amateur prescribing, 806
Amateurs in physic, 138
Ambulance wanted, an, 884
America, doctors' bills in, 420
American Journals and Quarterlies (review), 714
—— Medical Association, the, 91
—— medical colleges, the, 217, 383, 389
Amersham guardians and the supply of quinine, &c., 756
Ammonia, on the injection of, into the circulation, 854
Amputation, of the leg above the malleoli, 126; of thigh for disease of the knee-joint, with extensive suppuration among the adjacent muscles, 324; primary, of both lower limbs, recovery, 878
Anæmia and chlorosis, the treatment of, with manganese and nickel, 569
Analysts, public, 871

ANALYTICAL RECORDS.—Analyses of Liebig's extract of meat, as manufactured by the Australian Meat Company, and by R. Tooth, of Sydney, 51—Sucre ferrugineux (M. Chanteaud's) et Foxyde de fer, 570—Liebig's baking powder, ib.—Guyot's concentrated tar solution, ib.—Liebig's extract of meat biscuits, ib.

Anatomical museums, 109, 218
—— Plates, Corbié and Leveillé's Handy Book of (review), 817
Anderson, Mr. M. F., medical examination of recruits, 314
——, Mr. W., fatal misadventure with carbolic acid, 179
Aneurism, the distal operation for, 304; double popliteal, 225; aortic, probable cause of its great prevalence in the army compared with the navy and male population, and consequent remedy, 250; in the army, 304, 477, 625; of descending aorta, 360; femoro-popliteal, attempt to ligature the vessel above and below, amputation, 428; of the aorta, 429; of the left external iliac artery, diffuse, gangrene of the leg, amputation, rupture of the sac, death, 493; of the femoral artery, on a case of, 521, 557; popliteal, in a diabetic patient, 608; and atheroma, the relations of, 780
Aneurismal tumours of the neck and chest, further contributions to the pathology and treatment of, 422, 489
Angina pectoris, treated beneficially with nitrite of amyl, chloroform, and subcutaneous injection of morphia, 85
Anglada, Prof. C., Etude sur les Maladies Eteintes et les Maladies Nouvelles pour servir à l'Histoire des Evolutions Séculaires de la Pathologie (review), 816
Animals, notes on the diseases of, in a state of confinement, 708
Ankle, diseased, talipes, diseased metatarso-phalangeal joint, on, &c., 151; necrosis of, 602
Anomaly, an, 628
Anstie, Dr. F. E., on the treatment of "epileptiform" neuralgia in its earlier stages, 41; on the popular idea of counter-irritation, 280
Antiseptic dressing, 528
—— treatment of wounds, remarks on the, 743, 811
Aortic disease, case of, attended with angina pectoris, in which nitrite of amyl, chloroform, and subcutaneous injection of morphia were each used with benefit, 85
Aphasia, on a case of, 115; question, the, 235
Apothecaries' Hall, pass-lists of, 28, 67, 105, 144, 176, 213, 244, 281, 311, 340, 398, 415, 448, 516, 552, 587, 622, 660, 698, 734, 766, 802, 832, 868, 889
Appeal to the benevolent, 701, 768
Apprenticeship, the system of, 27
Architectural sanitation, 627
Army, medical administration of the, 240, 448; estimates of the, for 1869-70, 345; cross-cupping in the, 613; influence of the, on public health, 615; esthetic disease in the, 767
—— matters, military administration of, 169
—— Medical Department, 66, 90, 202, 217, 233, 270, 698, 802; reorganisation of the, 69, 148, 609; pass-list of the, 281
——, medical officers of the, 65; how their time is frittered away, 33; alteration of the uniform of, 99, 139, 473
—— Medical School, the, 506
—— Medico-Chirurgical Society, 689
—— Sanitary Committee, constitution of the, 576
Arris and Gale lectures, the, 847, 855
Arrowsmith, Mr., presentation to, 139
Ascites, dependent on cirrhosis of the liver, treated by copaiba, 292; tapping in, 519
Assistants, medical, 347; unqualified, 104
Asthma, on the treatment of, by belladonna, 153
Asylum reports, 607
Asynergia, muscular, following fright from the bite of a dog, 325
Aural case, an, 624, 662
Australian meats, 71, 145, 239
Austria, sanitation in, 580
Aveling, Dr. J. H., testimonial to, 239

B

Babies' wards in workhouses, 268
Baby-farming, 507; under a wet-blanket, 496, 449
Bacchus, sacrifices to, 21
Bacon, Dr. G. M., rare cause of death in so-called epilepsy, 709
Bad meat, convictions for selling, 552
Bahamas, the (review), 846
"Bairnels' foaks," 98, 236
Bakewell, Dr. R. H., case of tetanus cured by bromide of potassium, 292
Ballarat East, health report of, 886
Baly medal, the, 883
"Banting," as a cause of Bright's disease, 419; convalescent institution, a, 833
Barbour, Mr. J. B., the condition of the poor in St. George's, Southwark, 592
Barff's Chemistry (review), 429
Barking, the sewer outfall at, 628; the Thames at, 885
Barnes, Dr. R., the injection of perchloride of iron in post-partum hæmorrhage, 175; on the operations for the relief of chronic inversion of the uterus, with the account of a case successfully treated by a new method, 567
Barnes v. Barnes and Beaumont, 248
Barracks, ventilation of: the Tower, 378
Barton on Syphilis (review), 13, 49
Barbour, Mr. J. B., typhus fever, 890
Basan, Mr. H., sutures in scalp wounds, 71
Bates, Mr., of North Shields, unfounded action against, 306
Bath, health of, 176; the sanitary state of, 663, 727; Home, the, 669
Beale, Dr. L., resignation of, 411
Beatson, Dr. G. R., on the locating of British troops on the hill ranges of India, 241
Beddington Orphan Asylum, typhoid fever at, 829
Béhier, Prof., introductory lecture by, 10
Belfast, salaries of dispensary medical officers at, 790
Belgium, employment of women and children in the coal mines of, 554
Bell, Mr. J., a Manual of the Operations of Surgery (review), 228
Bennett, Dr. J. H., the Presidentship of the Medical Council, 173; clinical surgery in the University of Edinburgh, 240; on the treatment of pneumonia, 603
Bentham, Dr. R., the Pharmacy Act, 72
Benzole and its allies, the sale of, 387
Bequests and donations, 213, 410, 545, 623, 852
Bernard, Prof. C., and his physiological laboratory, 20
Berry, Mr. A. W., the fictitious charge against, 688, 795, 856, 890
Betts, Mr. N. P., testimonial to, 68
Beverley Union, 442
Bichloride of methylene, 866
Bickersteth, Mr. E. R., remarks on the antiseptic treatment of wounds, 743, 811
Bicycles, the surgery of, 794
Biddenden, maids, the, 513
Bigg, Mr. H. H., the new artificial leg of, 125; Orthopraxy (review), 749
Biologie, Zeitschrift für (review), 846
Birch, Dr. S. B., some remarks on the exhibition of oxygen as a therapeutic, in connexion with a new, agreeable, and easy form of administration by the stomach, 492
Birds not of a feather, 826
Birkenhead, the middens of, 350
Birkett, Mr. J., dislocation of the head of the femur, complicated with its fracture, 342
Birmingham board of guardians, 61, 171, 205, 316, 337, 372, 410, 413, 518, 541, 594

BIRMINGHAM CORRESPONDENCE.—The winter session at Queen's College, 513—A case of ovariotomy, ib.—The medical charities of Birmingham, 765—The friendly societies' committee, ib.

Birmingham, meteorology and health of, 107; General Hospital, 206, 245; General Dispensary, 206; faculty, the, and the working classes, 284; sanatorium, 339; training institution for nurses, 586

Birth, a wonderful, and a worthy accoucheur, 647
Blackett, Mr. J., Society for Relief of Widows and Orphans of Medical Men, 211
Blackheath invaded, 415
Blackrock Convalescent Hospital, 508
Bladder, fissure and extroversion of the, and epispadius, with results of eight cases treated by plastic operations, 259
Blanc, Dr. H., 25; vaccination direct from the heifer, 738, 761, 798
Bleaching and dyeing works, 857
Blisters in children, 126
Blood, the new colour-test for, 409; on the temperature of the, in the right and left ventricles, 434
Blood-corpuscles, on the physics of the, 828
Blood-stains, 284
Bloxam's Practical Chemistry (review), 646
Body, Mr. J., presentation to, 516
Boggs, Dr. A., iodine and carbolic acid for local application, 148; an insectifuge, 872
Bombay Medical Retiring Fund, 176
Bond, Mr. T., a case in which a brace-buckle was swallowed, and impacted in the œsophagus fourteen days, 671
Bone-setters, 701, 739, 804
Bournemouth, sanatorium at, 758; a new dispensary at, 836
Bowels, obstruction of the, exploratory operation, peritoneum opened, band found constricting the ileum, 566
Bowstead, Dr. R. M., subcutaneous injection of morphia and aconite in convulsions after labour, 747
Brachial artery, wound of, and division of median nerve, 529
Bradford, Dr. W. J., the injection of perchloride of iron in post-partum hæmorrhage, 309
Bradley, Mr. S. M., notes on the diseases of animals in a state of confinement, 708
Braidwood, Dr. P., on Pyæmia, or Suppurative Fever (review), 325
Brain, diffused contusion of, and hæmorrhage into arachnoid cavity, without fracture of skull, 257; lesions of the, 302; weight of, in different races of men, 662
Bread or water, 248
Bread-making, 438
Breast, glandular proliferous cystic disease of the, amputation, acupressure needles, carbolic-acid dressings, recovery, 711
Brentford Workhouse, alleged ill-treatment of a lunatic at, 769
Bridport, fever at, 304
Brierly-hill catastrophe, the, 470
Brighton, the medical charities of, 168, 373; the drainage of, 374, 405, 476, 543, 555, 621, 695, 751, 784, 800, 825; mortality of, 861; Eye Infirmary, the, 683; and Hove Dispensary, 215
Bristol General Hospital, 415
——— water-supply, 475
British Association for the Advancement of Science, 749
——— Medical Association, the balance-sheet of the, 577
Briton Life Association, 481
Broadbent, Dr. W. H., on conical cornea, 308
Broca, Prof., introductory lecture by, 12
Brock, Mr. W. K., refusal to certify cause of death, 178
Brodhurst, Mr. B. E., on contractions of the limbs, 35, 112; on affections of the joints, 181, 249, 467; on distortions of the neck and trunk, 593, 741, 837
Bromide of potassium, bromide of sodium, bromide of ammonium, on the therapeutic action of, 392
Brougham, Lord, the late, and his dentist, 314
Brown, Dr. F. J., the naval medical service and the present Government, 242; the Admiralty and the revenues of Greenwich Hospital, 383; medical charges, 478
Browne, Mr. E. A., poisoning by tincture ferri perchloridi, 104
Brownriggism, 286
Brown-Séquard, Dr. C. E., and the Paris Faculty, 24, 55, 306; lectures on the physiology and pathology of the nervous system, and on the treatment of organic nervous affections: on organic affections and injuries of the spinal cord, producing some of the symptoms of spinal hemiplegia, 1, 219, 703, 873; Lectures on the Diagnosis and Treatment of Functional Nervous Affections (review), 87
Bruce, Mr. A., obituary notice of, 551
Brucine, on the use of, in stomachal epilepsy, 75
Buchanan, Dr. G., dampness of soil and phthisis, 108
Buckingham Palace, the guard-room at, 692, 784, 858, 882
Buckle, Dr. F., hospital administration, 278
Bucks General Infirmary, 835
Budget, the, and the profession, 536
Bullar, Dr. J., death of, 868
Bullet-wound, penetrating, of the thorax, recovery, 294
Bunsen, Prof., accident to, 868
Burns, Dr. M'G., presentation to, 759
Burns, on the Results of Operations for Cicatrices after (review), 89
Burrows, Dr. G., and Mr. Lobb, 104; the presidentship of the Medical Council, 173
Burst boilers, 885
Buzzard, Dr. T., a medico-legal case of injury to the nervous system, 6; a description of an improved syringe-pipe for hypodermic injection, 397

C

Cabs for the sick, 176
Cæsar, Julius, cause of the death of, 315
Cæsarean section, the, 782; in Belgium, the, 29; post-mortem, birth of a live child, 638
Calabar bean in tetanus, 362, 390, 805
California, medical journalism in, 388
Calthrop, Mr. E., on the diagnosis of accidental hæmorrhage from placenta prævia, 458
Cam, improvement of the river, 89; the, and Cambridge sewage, 758
Cambridge University, 205, 410, 530, 795, 812, 868; natural science at, 370; non-collegiate students of, 883
Camphor, danger of giving strong doses of, 67
Canada, preventive medicine in, 33; Upper, the Medical Act of, 336
Cancer of the breast, on a new operation for, 323; medullary, of the lung simulating pleuritic effusion, case of, 459; of the lung, primary, simulating pleuritic effusion, experimental paracentesis, 814; epithelial, origin of, 644
Cannes, the climate of, 663
Canterbury Dispensary, 239
Canvassing, 851
Carbolic acid, the use of, 47, 66, 89, 122, 148, 301, 380; in malarious fever, 136, 246; in scarlatina, measles, &c., 143; fatal misadventure with, 145, 179; for oxyuris vermicularis, 248; new vaporiser for, 262; in the treatment of diseases of the skin, 292; cases of poisoning by, 305, 408, 440; cases of ague treated by, 671; removal of the odour of, 889
Carbolised catgut ligatures, on the use of, 772 864
Carbuncle, on the treatment of, 73, 144; and boils, on the subcutaneous section of, 156
Carcinoma of omentum and lung, 529
Cardiff, out-door relief in, 663
Carmichael, Dr. J., primary amputation of both lower limbs, recovery, 878
Carotid artery, tying the, under difficulties, 94; right, observations furnished by a case in which the, was tied at St. George's Hospital, 355, 391
Carpenter's Physiology (review), 407
Carter, Mr. J., hospital dispensers and the Pharmacy Act, 248
———, Mr. R. B., on the treatment of the paralytic forms of strabismus, 7; on conical cornea, 189, 277, 380; chromatoscopy, 417
Cartilages, loose, a case in which two, were removed by separate operations from the left knee-joint of the same individual, recovery without an unfavourable symptom, 667
Casuals, relief of, 62, 70
"Cat," the, for garotters, 405
Catalogue, a useful, 415
"Catamorphia," a new base, 606
Cataract, treatment of, by phosphorus, 126, 390; the synthesis of, 639
Catarrhus vesicæ, 15
Caterham Imbecile Asylum, 584
Cattlin, Mr. W. N., action of nitrous oxide, 32
Caution, a, 150, 737
Centenarians, 717, 770
Central London District School, 646
Cephalotripsy, 162
Cerebro-spinal fever in the army, 620
Certificates, medical, 300; of the cause of death, 420, 700, 738
Change, an ill-advised, 888
Charbon and the use of carbolic acid, 234
Charge oblique, the, 724
Charing-cross Hospital, 617, 826; dinner, 660
Charities, medical, 262
Charteris, Dr. M., note on a case of keratitis, 157
Chatham, the new Government Lock Hospital at, 511
Cheadle, Dr. W. B., on exophthalmic goitre, 845
Checks to population, 490
Chelmsford Dispensary, 130
———, the projected hospital at, 236
Chelsea barrack, ventilation of, 475
Chemist, suicide of a, 766
Children, dietary of, 140; on the diseases of, as a subject of special study, 665, 705
Chloroform, new effect of the administration of, 25; death under, 176
Cholera, scientific investigation into the causes of, 3, 38, 76, 409; Prof. Pettenkofer on, 133; on the west coast of Africa, 68; in India, 90, 791; in Cuba, 411; in Persia, 577; early history of, in India, 651; and the inland quarantine, 685; in the Gambia, 737, 792, 886
Cholmeley, Dr. W., continuous pressure in enlargement of the limbs, 550
Chorea, treated with succus conii, 325; and pericarditis, 460
Choroidal pigments, 650
Chromatoscopy, on, as a means of diagnosis in ophthalmic medicine, 222, 388, 417
City Corporation buildings, the, 802
—— of London, Lying-in Hospital, 213; Workhouse, casuals at the, 105
Civil Service estimates, the, 552
Clark, Dr., and the wards in Chancery, 474
———, Mr. Le G., on shock and visceral lesions, 797, 818, 848
Clarke, Mr. J. L., Researches on the Intimate Structure of the Brain (review), 193
Clay, Mr. J., the Poor-law medical service, 309
Cleft palate, 46, 602; in a child aged five years, operation without chloroform, successful result, 46; in a little girl five years of age, operation successful, 814
Clergy, the, and the sick poor, 417, 804
Clinical instruction, 438, 645
CLINICAL RECORDS. — Amputation of thigh for disease of the knee-joint, with extensive suppuration among the adjacent muscles, 325—Hair-bleaching from neuralgia, ib.—Paralysis of the sixth and seventh nerves following a blow on the head, ib. — Cystic tumour of the maxilla, 329
Clinical Society, the, 95
Club surgeons, important question, 730
Cluff memorial, the, 857
Cockle, Dr. J., further contributions to the pathology and treatment of aneurismal tumours of the neck and chest, 422, 489
Cod-liver oil, 419
Cohnheim's recent researches, 540
Colborne, Dr. W. H., pauperism, 737
Colchester, a Lock hospital for the camp at, 29, 578; the military hospitals at, 206
Coleman, Mr. W. St. J., carbolic acid in the treatment of diseases of the skin, 292
Collis, Mr. M. H., obituary notice of, 463
Colon, on torpor of the, as a complication in dyspepsia, 558, 599
Colotomy, 506
Commons, preservation of, 388
Conception, 180, 216
Concussion of brain, followed by fits continuing for ten days; question of trephining; treatment by antimony; recovery, 637
Consumption, immunity from, of the inhabitants of the Hebrides, 239; on the Climatic Treatment of (review), 89
Contagious diseases, prevention of, 236, 414; nursing wards for, 286; decrease of, at Colchester, 372; at Dover, 516; on the China station, 559
——— Diseases Act, extension of, 23, 271, 300, 388, 406, 507, 573, 697, 754, 765; in Madras, 59; at Aldershot, 102; at Devonport, 301, 404; and the mercantile marine, 331; and the military, 722
Convalescent homes, 95; for the sick poor, 574

Lead-poisoning, 746, 835, 870, 889; on the Tyne, 61; a new source of, 826
Lecky, Mr., on the social evil, 541; History of European Morals (review), 714

LECTURES, ETC.

ADAMS, MR. J.:
Clinical Lecture on a Case of Fractured Base of the Skull; with Rupture of a Branch of the Spinous Artery, and Pressure on the Brain, 421

ALLBUTT, DR. T. C.:
Clinical Lecture on Paracentesis Pericardii, 807

BRODHURST, MR. B. E.:
Lectures on Orthopædic Surgery. Delivered at St. George's Hospital, 1868.
Lecture V.—On Contractions of the Limbs, 35, 112
Lectures VI., VII.—On Affections of the Joints, 181, 249, 487
Lectures VIII., IX.—On Distortions of the Trunk and Neck, 693, 741, 837

BROWN-SÉQUARD, DR. C. E.:
Lectures on the Physiology and Pathology of the Nervous System; and on the Treatment of Organic Nervous Affections.
Lecture II.—On Organic Affections and Injuries of the Spinal Cord, producing some of the Symptoms of Spinal Hemiplegia, 1, 219, 703, 873

FOSTER, DR. B. W.:
Clinical Lecture on Paralysis with apparent Muscular Hypertrophy, 629

HEWITT, DR. G.:
Address delivered at the Obstetrical Society of London, Feb. 3rd, 1869, 234
Clinical Lecture on Prolapsus Uteri, and its Treatment, delivered at University College Hospital, 771

JENNER, SIR W.:
Address delivered at the Meeting of the Medical Teachers' Association, Friday, Jan. 15th, 1869, 111

LISTER, MR. J.:
Observations on Ligature of Arteries on the Antiseptic System, 451

OGLE, DR. J. W.:
Clinical Observations furnished by a Case in which the Right Carotid Artery was recently Ligatured at St. George's Hospital, 355, 391

PAGET, MR. J.:
Clinical Lecture on the Treatment of Carbuncle, 73
Clinical Lecture on Diseased Ankle, Talipes, Diseased Metatarso-phalangeal Joint, &c., 151
Clinical Lecture on the Treatment of Fractures of the Leg, 287, 317
Clinical Lecture on a Case of Aneurism of the Femoral Artery, with Rupture of the Sac, 521, 557

POLLOCK, DR. A. J.:
Clinical Lecture on Nervous Dyspepsia, 299

RAMSKILL, DR. J. S.:
Abstract of a Lecture on the Use of Brucine in Stomachal Epilepsy, 75

STEPHENSON, DR. W.:
Lecture on the Diseases of Children as a Subject of Special Study. Being the Introductory to a Course on the Subject in Edinburgh, 605, 705

Lectures, compulsory attendance on, 31
Lee, Dr. E., residence in elevated regions in cases of phthisis, 834
Leeds, sanitary condition of, 296; the arsenical plaster case at, 410; the new infirmary of, 327, 442; Dispensary, 618
Leg, treatment of fractures of the, 287, 317, 762
Leicester, diarrhœa and its causes in, 418; sanitary condition of, 577
Leopold, Prince, 301, 544
Letheby, Dr. H., on water analysis, 654; and the London water-supply, 682; Brighton sewage, 800; and the water companies, 805
Levée, the, 386, 802, 888
Lewins, Dr. R., Identity of the Vital and Cosmical Principle (review), 715; mechanical and vital action, 871
Lewis, Dr. W. B., convergence of strychnine to an infant by means of the mother's milk, 872
Liebig, Baron, on the nutritive value of different sorts of food, 4, 26, 113, 186, 357; extract of meat of, analyses of, 51
Liebig's baking powder, 570
——— extract of meat biscuits, 570
——— Extract of Meat Company, 540
Life assurance, 872; and fees for medical reports, 800, 890
——— assurance offices, fictitious, 32; and the medical profession, 353, 387, 510, 555, 709, 872
Ligature of arteries on the antiseptic system, observations on, 451, 503
———, acupressure, and torsion, 695, 805; on the comparative strength of arteries sutured by the methods of, 524
Lime-juice and lemon-juice, 727; inspection of, 268
Lincoln Dispensary, 791
——— Union, the, 31, 315
Lincolnshire Seaside Infirmary, 618
Lingual artery, ligature of the, 62
Lipoma nasi, 361
Liquor traffic, the, 825
Lister, Mr. J., the antiseptic treatment of compound fracture, 380; observations on ligature of arteries on the antiseptic system, 451
Lithotomy, experiences in, 227; case of, 712
LIVERPOOL CORRESPONDENCE.—The contest for the honorary surgeoncy at the Children's Infirmary, 658—Sanitary condition of Liverpool, ib.—Emigration, 800
Liverpool, health reports of, 247, 433; inquests at, 248; new infirmary for children at, 218, 700; amalgamation of the Lying-in Hospital with the Ladies' Charity at, 353
——— Medical Society, 784
——— Microscopical Society, 90
——— Northern Hospital, 145
Living, the limit of experiment on the, 608
Livingstone, Dr., 140, 544, 580
Lock Hospital, anniversary of the, 693
——— hospitals, new military, 544
London, health of, 24, 140; gas examinership of, 62; the water-supply of, 295, 517, 614
——— University, 600, 650, 693, 727; the M.D. and M.S. of, 408; examinations of the, 470; the new building of the, 548; election expenses of the, 854; and courtesy titles, 870
Longevity, 33, 71, 213
Longmore, Mr. T., a Treatise on the Transport of Sick and Wounded Troops (review), 677
Lord Chief Justice, the accident to the, 441
Lorent, Dr. E., the German Hospital, 733
"Losing cards," 337
Louisville Medical University, 484, 641
Lunacy, 440; alleged increase of, 510
Lunatic asylums, enlargement of, 545
Lunatics, quarterly returns of, by medical officers of unions, 216; criminal, 172, 197, 853
Lung, spike wound of, 506; primary cancer of the, simulating pleuritic effusion, experimental paracentesis, 814
Lying-in hospitals, the debate on, in Dublin, 780, 819
——— women in workhouses, 295

M

M'Carthy, Mr. J., uncommon case of epistaxis, 626
Macdonald's Sound and Colour (review), 715
Mackenna v. Parkes, 446
Mackinder, Dr. D., the Gainsborough Dispensary, 285
Maclaren, Mr. A., on Physical Education (review), 50
Maclean, Dr. W. C., hyposulphite of soda in ague and typhoid fever, 511
Macpherson, Dr. J., the Baths and Wells of Europe, their Action and Uses, with Hints on Change of Air and Diet Cures (review), 846
Madge, Dr. H., prolapsus uteri and its treatment, 865
Madras, health of British troops in, 371, 886
Man with two memories, the, 147, 249
Manchester, nursing at, 313; sanitary condition of, 375; Medical Society, 211
Mansfield Woodhouse district hospital, 249
Marcet, Dr. W., on a case of aphasia, 115
Markey, Mr. E. C., cases of ague treated by carbolic acid, 671
Markham, Dr., at Paddington, 616
Marriage and leprosy, 218
Marriages, on the causes which lead to the unproductiveness of, 308
Marshall Hall, memorial to the late, 64, 105, 130, 200, 208, 241, 515, 792; Professors von Langenbeck and Virchow's estimation of, 200; method, recovery from asphyxia by the, 509
Marylebone, medical officers' salaries at, 170, 805; mortuary and post-mortem house in, 310; health of, 859
Maternal impression, a case of, 110
——— impressions, influence of, 314
Maunder, Mr. C. F., on primary excision of the elbow-joint, 6
Mauritius, the, 375, 410, 545, 727, 826, 865
Maxilla, cystic tumour of the, 325
Mayor, a sensible, 110
M.C.B.A., the, 373
Meadows, Dr. A., description of a new speculum, 125; the duck-bill speculum, 295
Meath Hospital, the surgeoncy of the, 561
Mecca, the pilgrimage to, 794
Mechanical and vital action, 871
Medical Act, prosecution under the, 570; amendment of the, 642, 804, 890
——— Anatomy, 472
